J.HARVEST & FROST
AUTUMN/ WINTER 2019
SMART CASUAL

PASSION
DEDICATION
HARD WORK
CURIOSITY

The 2019 autumn collection is named Smart Casual. Our new blazers and trousers are made for performance all through the work day and beyond. The look is somewhat relaxed with two buttons and soft, slick shoulders. The material is a comfortable 4 way stretch fabric with a supersoft feel. An environmental waterrepellent exterior. Lining with anti-bacterial perfomance. The new shirts are sub-formal, with 4 way stretch, jaquardknitted shirts, denim dress shirts and sophisticated floral/paisley print shirts. Smart and Casual. Smartsual. Casumart. Nah. Let's stick with the first one. Smart Casual.

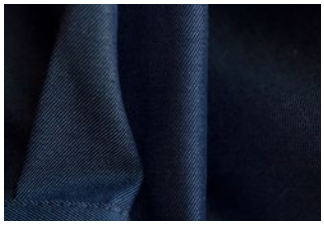
RED BOW 120

550 INDIGO



The perfect shirt for any occasion. With the characteristic indigo color, our famous non-iron fine twill fabric, can remind you of a smart denim shirt. It is set up with a tone in tone paisley contrast pattern in collar & cuff, and white details in placket & button tread.

This is the typical Redbow line shirt. Classical, yet detailed, giving the shirt a modern sophisticated look.

- **Indigo-blue color, fine twill**
- **100% Cotton. Long staple 2-ply Compact Cotton for the best possible result**
- **Machine washable**
- **Non-iron patented environmental treatment**
- **Split back yoke ensures smooth contoured shoulders, and a greater range of motion**
- **Taped main-seams help the shirt look sharp and neat wash after wash. No wrinkles**
- **Semi cut away collar**
- **Long sleeve. Single angel-cuff, with extra buttonhole for cufflinks**
- **Tall, 4 mm-thick buttons give a substantial and modern feeling**
- **Curved hem.**

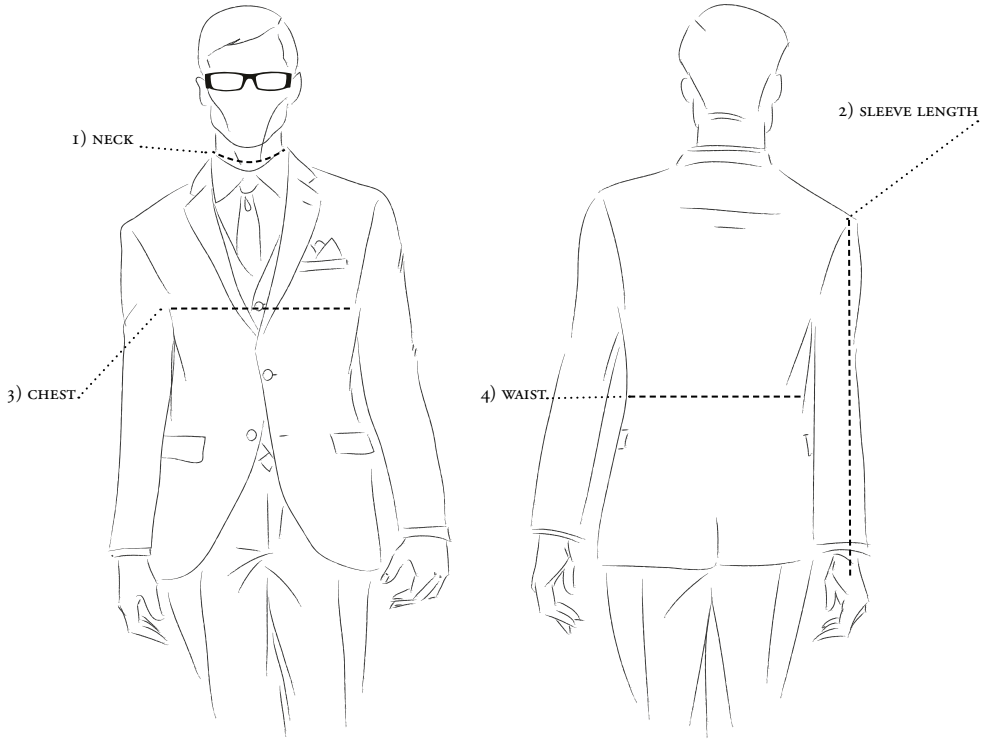
COMMON COTTON
SINGLE YARN 70'
WITHOUT TAPED
SEAMS

J.H & F NON-IRON
SUPERCOTTON
WITH TAPED
SEAMS

J.H&F Non-Iron Supercotton.

We are really proud of our shirts, and we want to show how great these garments really are. So we made this shirt. On your right is our J.H&F Non-Iron Supercotton with taped seams, the left half is common cotton single yarn 70' without taped seams. We washed it. Hang dried it and folded it neatly. We did not iron any parts of the shirt. As you can tell there is quite some difference. Notice the overall smoothness and pay extra attention to the shoulder seams. The regular fabric is not of poor quality. It's just not... Supercotton.



HOW TO MEASURE YOUR BODY

1) NECK

Place the measuring tape around the neck at the height where the collar would normally rest. This will be just below your Adam's apple. Stand relaxed. Do not crane your neck out or squeeze your chin down. The tape should be resting lightly on the skin, not squeezing it. Hold one finger under the tape measure to ensure some room for comfort.

2) SLEEVE LENGTH

Place one end of the measuring tape at the tip of the shoulder. where you imagine the shoulder seem of the shirt will be. Let your arm hang down at side, and run the measure tape along with it. Measure to the center of the meaty part of your palm. If you don't have a partner, measure a shirt with sleeves that is the right length.

3) CHEST

Run the measuring tape around the fullest part of your chest, tight up under your armpits and over the shoulder blades. Let your arms hang down in a relaxed, natural pose. Do not puff out your chest or arch your back in any sort of pose that isn't natural or sustainable.

4) WAIST

Run the tape around the fullest part of the belly. This is usually around the level of the belly button. The measuring tape should be snug on the skin, but not squeezing in. Let your arms hang down, and stand in a relaxed, natural pose. Do not puff out your stomach or try holding it in.
