Sea Collection

With roots on the west coast shells always have a natural place at Byon. Shapes which nature itself has created. In the Sea Collection the shape of the shells has met the imagination and become something we hardly thought existed. The surface is glazed or mat for the natural to meet the luxurious. Here you can find plate shell in different sizes, Bowl Awa small and big, Bowl Shell and Shelley among other items straight from the sea. As always at Byon there are no rules about how things should be used. What's important is what you want! Designed by Byon Studio.

The Oyster Family

Under the sea surface you'll find a world of unknown shapes and beautiful materials. We eat from shells, welcome rugged surfaces and change glitter to salt spray. The sea moves indoors when we decorate and set tables, simply because we cannot resist the playfulness. Bowl Oyster is a result of when the depth of the sea makes an impression to our creations. With its playful blue, beige or grey suit with a glossy finish, this bowl becomes something very special. It's also available in white with a matt finish. Mix colours, use it for jewelry, tapas or flake salt. The bowl is dishwasher safe for easy cleaning. Do not use in a microwave or oven.

We definitely love oysters, to look at and to eat. The serving plate Oyster is therefore a natural addition to our Byon collection. The plate is stylish, practical and stackable with serving pockets for your oysters. Its suit is shiny grey like it was made from silk. Delivered in Byon box.

Swirl

Uneven, round, twisted, organic, oversized and with crooked messy stripes. Swirl is the result when ceramics becomes handicraft in a modern way. The matt black-glazed surface meets the uncoloured raw one, and the contrast feels genuine. Swirl is chunky without being heavy. The perfect breakfast set if you ask us. Swirl is made of stoneware and is dishwasher and food safe. Designed by Byon Studio.

Vase & Candle holder Arlo

The Arlo vase is bold and extra in every way, just like Byon loves to be. With its round, substantial body adorned with glass balls, it makes a statement wherever it stands. A vase that is both iconic and playful at the same time. Arlo candle holder is a playful variation of our beloved Calore. Like its cousins, Arlo is multifunctional – use it as a vase, candle holder, or bowl. It fits everywhere and works beautifully in combination with both Lori and Lara candlesticks, where the colours complement each other. The beige colour mixed with citrus yellow creates an unbeatable combination. Handmade, variations in colour and texture may occur. Designed by Byon Studio. Delivered in a Byon box.

Lori is lovely to the eye in a powerful way! Inspired by pleated skirts in the fashion world, its shape reminds us of a flower just about to unfold its petals. The glazed colours and the contrasting round low foot, makes Lori into a creation you won't forget in the first place.

No matter where Lori moves in, it does it with the same power as exclusive trophies. Lori products are handmade which makes every piece unique and can vary in their looks. Designed by Byon Studio. Delivered in Byon box.

Textiles

Textiles animate everything we love in a room. No matter where you're putting them, no matter what shapes they come in, they always manage to show off in the end. Not necessarily as big and beautiful, though that happens quite often as well, but as the extra touch, the detail that makes a difference over and over again.

Leya

Flowers have always been important to Byon. This because they make us exceptionally happy. Leya is a sassy flower pattern designed for Byon only, which has succeeded with the combination to be delightful and at the same time gutsy. The pattern is inspired by the 1970s look but can definitely be mixed with more contemporary colours. All the flowers play an important role without stealing the show from each other. The tones stretch from dusty pink, via magenta and claret to pop blue and ocher yellow. The blackness of the pattern feels dramatic and beautiful. Leya decorate among other things, tablecloths, napkins and bags, sometimes just as a detail and sometimes the whole product.
